Collegiate		(Facilitator)
Trustees		(Chair)

1. Policy

- 1.1. Whilst bullying amongst nursery aged children is rare, should this occur, staff will take the issue seriously and work with parents and carers of both perpetrator and victim to deal with this.
- 1.2. The victim of bullying will be supported by their key person and other members of staff if appropriate.
- 1.3. The perpetrator will be supported and sanctions will be applied in the short term as directed in the Nursery Encouraging Good Behaviour Policy.
- 1.4. We will always help children who find it difficult to get on with others by demonstrating through imitation how to play and be friendly with other children.
- 1.5. Parents and carers will be informed and the situation will be reviewed regularly as needed. With parents' permission, help may be sought from outside agencies if the situation does not improve.
